Little Sphere Machine

MINI SPHERE GRINDER by Covington

Grind spheres 1/4" to 1" diameter. Dual 1/18 Hp. Motors, 115 VAC, automatic grit application, spring loaded cutting heads and cutting angle adjustment. The downward slanted cutter cups and shafts run the sphere in a bath of grit. This eliminates the need to constantly dab grit with a brush. The angle of the cutting cups can be increased as the rough corners of the sphere grind off. Both heads are spring loaded, so continuous adjustment is unnecessary. Unit comes complete with 1 grit pan, instructions, guarantee and one pair of 1/4", 3/8", 5/8" and 7/8" cups.

The downward slanted cutter cups and shafts run the sphere in a bath of grit. This eliminates the need to constantly dab grit on with a brush. It also causes the grit slurry to run away from the bearings. The angle of the cutting cups can be increased as the rough corners of the sphere grinds off. Both heads are spring loaded, so continuous adjustment is unnecessary. Unit comes complete with above features, 2 polishing buffs, 2 grit pans, instructions, guarantee and one choice of one pair of cutter cups. Please state cup size when ordering. **DIAMOND CUPS AVAILABLE AS AN ADDER.**
