MLS PART NUMBER	EQUIPMENT DESCRIPTION	PRICE
780100	DIAMOND LUBE by MLS, 1 pint, (16 Oz.) add to water, makes 2 gallons.	\$16.10
780110	DIAMOND LUBE by MLS, 1 quart, (32 Oz.) add to water, makes 4 gallons.	\$29.90
780300	SLICK-CUT by MLS, 1 gallon	\$35.00**
780310	SLICK-CUT by MLS, 5 gallons	\$157.50**
780400	TOOL COOL, by Lapcraft, 8 oz. concentrate	\$8.50
780410	TOOL COOL, by Lapcraft, 32 oz. (1 quart), concentrate	\$31.00
780420	TOOL COOL, by Lapcraft, 128 oz. (1 gal.), concentrate	\$50.00**
780500	WATER AID, by Diamond Pacific, 8 oz. concentrate	\$4.30
780510	WATER AID, by Diamond Pacific, 16 oz. (1 pint), concentrate	\$6.95
780520	WATER AID, by Diamond Pacific, 128 oz. (1 gallon), concentrate	\$36.45**
780600	OIL MIST ELIMINATOR, by Lortone, 16 oz. (1 pint), concentrate	\$14.40

DIAMOND LUBE by MLS, is a water soluble oil for diamond saw blades, wheels and drill bits. Use on saw blades 10" in dia. or under. One pint makes 5 gallons.

SLICK-CUT by MLS, this is a special blend of oils to produce a very high quality mineral oil based cutting oil. Water clear with almost NO SMELL. We developed and tested this in house.

TOOL COOL by Lapcraft, is a water soluble wax for diamond saw blades, wheels, drill bits and tools. Use on saw blades 10" or under in diameter. Mix 8 oz. Of Tool Cool to 1 gallon water. Easy on the skin.

WATER AID by Diamond Pacific, is a concentrated wetting agent. It increases cutting action of sawing, grinding and sanding/polishing. It's biodegradable and normally harmless to the skin. Approx. 6 drops per pint is all that's needed.

OIL MIST ELIMINATOR by Lortone, To be added ONLY to PETROLEUM BASED OILS or MINERAL OIL. Long chain polymer hydrocarbon reduces blade friction and oil fogging. One 16 oz. Container treats 5 gallons oil!

DRESSING STICKS

MLS DRESSING STICKS are manufactured from pure virgin **ALUMINUM OXIDE!** You should only use aluminum oxide to "sharpen" diamond saw blades. Any other material can damage the blade. You can also use these sticks to "sharpen" sintered diamond wheels.

MLS PART NUMBER	EQUIPMENT DESCRIPTION	PRICE
621000	DRESSING STICK - SMALL, 11/16" X 11/16" X 4", Package of 3, use on 8" diameter blades and smaller.	\$22.00
621010	DRESSING STICK - MEDIUM, 1" X 1" X 6", use on 10" through 14" diameter.	\$14.50
621020	DRESSING STICK - LARGE, 2" X 2" X 6", use on blades 16" diameter and larger.	\$22.00

GRINDING WHEELS

BLACK - SILICON CARBIDE GRINDING WHEELS

MLS SILICON CARBIDE Grinding wheels continually present new, sharp faces ideal for stone grinding. The silicon carbide used in our wheels is hand sorted 100% to National Bureau of Standards screen sizes. Every wheel is diamond dressed, precision balanced and sonically tested.

BLACK SILICON CARBIDE GRINDING WHEELS are the standard of the industry. Manufactured to give the optimum of fast cutting and wheel life. This wheel sets the standard for lapidary grinders everywhere and can be used on all types of stones.

GREEN SILICON CARBIDE GRINDING WHEELS are designed for the lapidarist who desires extra fast cutting. They are premium quality, softer bonded wheels that will not glaze even at the highest speeds.

GREEN - SILICON CARBIDE GRINDING WHEELS
